

Odein(5), Diepriye(3), and now Joshua(1) are all joyous delights as they make steady, incremental progress in their academics.

The Educare decision we took for them as our choice of early childhood education is one we are eternally grateful to God for. For Odein Shalom Bobmanuel who has graduated unto Greenoak without hesitation, it is a special pleasure.

Our satisfaction with Educare made her continuing education at Greenoak primary school a natural no-brainer. Therefore, it is with great joy and sense of fulfillment that her siblings- Diepriye and Joshua follow in her footsteps at Educare. Diepriye, whom we fondly call 'Angel' already show great promise and Joshua who just started excitedly looks forward to school every morning.

Educare seeks to build the whole child; Odein is a Class Prefect at Greenoak showing encouraging leadership promise; Diepriye is bold enough to engage her mother on issues concerning her homework - she is sure of her answers; Joshua recalls with ease and sings songs and poems he learnt at school even within the first week of his assumption.

It must be Educare. as we look forward to Odein's further progress at Greenoak, and her siblings joining her there, we their parents say to ourselves often that if Educare was a mistake, it is one mistake we would be too glad to make all over again.

Thank you to Mrs. Phyllis, Mrs. Gin-gin, Mrs. Sophie, Mrs. Oluchi, Mrs. Kate and Mrs. Edirin. We are especially grateful to Mrs. Granville, words can't say enough. To lady John, the proprietress, thank you for birthing Educare.
