

# Educare, Educare, Educare

The best experience so far.

We arrived Nigeria at the end of August 2018 from Norway and a fresh school session starting in September, we were really worried about which school would be best for our children because they had no knowledge of Nigerian Educational system compared to the Norwegian Educational system, it was really different.

So we came to Educare first week of September, as soon as we stepped into the gate, we were amazed and excited but of course still doubtful.....So we talked to Mrs. Granville and expressed our worries about the children and how they would cope in school but she gave us an assurance that we made the right choice in choosing Educare, she took us on a tour around the school and we were happy with the school and the environment.

My children have really improved from when they started, because of the difference in Norwegian curriculum compared to the Nigerian system all thanks to the these Amazing teachers Miss Regina (Transition) and Miss Kate (Upper Kindergarten) for their patience, hard work, encouragement and support. Thank you.

I want to thank the management of Educare International Daycare and Nursery School for their strong mission and education task with appropriate schooling system and also the staff members for maintaining a good relationship with parents and children.

Best Regards

Uzochukwu Onyema
